

## **Practicing Prayer**

The Names of God reveal the heart and character of God to us.

As you make time to come before God in prayerful worship, it will help you to turn off your phone and minimise any other distractions or interruptions. Invite the Holy Spirit to help you focus and become aware of God's presence.

Choose one of the names of God listed on the back and use the bible reference to explore how God is revealing his heart and character to us through the Name that is given. Meditate on this characteristic of God and see how God speaks to you. Don't rush this time.

When you are ready you can start expressing your response to God in worship and thanksgiving.

"Our Father in heaven,  
hallowed be your name"
